

The Sandlot Star Patrick Renna Teams Up with Dramamine® to Revisit an Iconic Scene - This Time, Puke Free

May 28, 2025

The Advanced Herbals™ supplement line by the makers of Dramamine® is giving Americans the chance to win a vacation do-over, this time with Ginger Chews as a solution for unwelcome nausea

TARRYTOWN, N.Y., May 28, 2025 /PRNewswire/ -- Advanced Herbals™, from the makers of Dramamine®, has partnered with actor Patrick Renna, best known for his role as Ham in *The Sandlot*, to give the iconic character a do-over of the film's unforgettable carnival scene, but this time, sensitive stomachs are spared. [Advanced Herbals™ Ginger Chews](#) save Renna from a redo of the group-vomit scene with a clinically tested dose of ginger, allowing "Ham" to keep his cool and chew...without the spew. See the video [here](#).

"The carnival scene in *The Sandlot* remains one of the film's most iconic and rewatched moments. Reimagining it for the generation that grew up with the movie—and may now be sharing it with their own kids—is both nostalgic and full-circle," said Patrick Renna. "Anyone who has ever dealt with motion sickness before knows it's not much fun in real life. Advanced Herbals™ Ginger Chews make it easy to enjoy activities like carnival rides, road trips and cruises without worrying about nausea – so you can keep your vacations on track and queasy-free."

Advanced Herbals™, from the makers of Dramamine®, is extending the "chew over" to one lucky group with the Advanced Herbals™ Chew Over Sweepstakes. One grand prize winner will have the chance to redo a vacation at the destination of their choice, plus a year's supply of Advanced Herbals™ Ginger Chews to ensure nausea-free adventures along the way. Three runners up will also win a year's supply of Advanced Herbals™ Ginger Chews and a \$500 travel fund to go towards their next vacation. To enter, U.S. residents 18 years and older can fill out a short entry now through August 31 at www.dramamine.com/chewover.

"Few things are more disappointing than when a long-anticipated vacation is derailed by unexpected nausea or other unforeseen mishaps," said Erica Nesbitt, Associate Marketing Director at Prestige Consumer Health. "Inspired by that nostalgic summer scene so many of us remember, we wanted to give both Patrick and our sweepstakes entrants a chance to 'chew over' a vacation in their own way—creating fun, memorable, and nausea-free moments wherever their adventures lead."

Advanced Herbals™ Ginger Chews, from the makers of Dramamine®, are crafted with natural ginger extract that helps to provide non-drowsy relief from multiple cases of nausea including upset stomachs, morning sickness, motion sickness and occasional heartburn. These great-tasting chews have a lemon-honey-ginger flavor and come in a 20-pack of individually wrapped chews for on-the-go travel convenience to help fight everyday nausea moments.

With over 75 years of experience, Dramamine® is the leader in nausea relief and the #1 pharmacist recommended brand in motion sickness offering a variety of solutions, including the non-medicated Advanced Herbals™ line, created to help with symptoms of motion sickness and upset stomach. For more information on Dramamine® and Advanced Herbals™ products and to find a full list of retailers, visit www.Dramamine.com.

**No purchase necessary. Must be legal resident of (50) U.S. or D.C., age 18+. Ends August 31st. See official rules at www.dramamine.com/chewover. Void wherever prohibited.*
