Tuesday, August 4, 2026 | 10:00 A.M. ET

PURPOSE & VALUES

Our mission is to deliver high-quality consumer health and personal care products that improve and enrich the lives of our consumers. For generations, our trusted brands have helped consumers care for themselves and their loved ones.

Our Commitment To Our Four Core Principles

Our Company culture is founded on the principles of Leadership, Trust, Change, and Execution. These principles inspire a culture that continuously drives our Company towards excellence. The hard work of all our employees and the commitment to these principles enabled us to leverage our business attributes — a leading and time-tested portfolio of brands, a strong financial profile, and consistent cash flows — to deliver strong business achievements in the fiscal year.

MESSAGE FROM OUR CHAIR AND CEO

“Fiscal 2026 showcased both the resilience of our three-pillar strategy and our commitment to building long-term shareholder value even against a challenging backdrop. Executing our strategy is an entire organization that continues to operate at the highest level of excellence thanks to our guiding principles of Leadership, Trust, Change, and Execution.”

Ronald M. Lombardi

President, Chief Executive Officer and Chair of the Board

Dear Stockholder:

Fiscal 2026 was a defining year for Prestige Consumer Healthcare - one that showcased both the resilience of our three-pillar strategy and our commitment to building long-term shareholder value. Against a backdrop of macroeconomic volatility, geopolitical uncertainty, and supply chain disruptions in our eye care business, we remained steadfast in our strategic priorities. We invested behind our brands, grew free cash flow, and executed the most significant capital deployment in our company's history with the acquisition of Breathe Right® - a transaction that will meaningfully expand our platform and accelerate our growth trajectory.

These accomplishments reflect the discipline and consistency of our operating model, which is anchored by three core strategic priorities: leading brand-building, maintaining a strong financial profile, and disciplined capital allocation.

We are excited about the ongoing evolution of our business and the ability to continue creating value for you, our shareholders. On behalf of our management team and board of directors, I thank you for your confidence in Prestige and appreciate your continued support and commitment to the Company.

We look forward to seeing you at the 2026 Annual Meeting of Stockholders.

Sincerely,

A handwritten signature in black ink that reads "Ron Lombardi".

Ronald M. Lombardi

President, Chief Executive Officer
and Chair of the Board

Forward-Looking Statements:

This Proxy Statement contains “forward-looking statements” within the meaning of the federal securities laws. “Forward-looking statements” generally can be identified by the use of forward-looking terminology such as “focus,” “committed,” “growing,” “goal,” “may,” “will,” “would,” “plan,” or “continue” (or the negative or other derivatives of each of these terms) or similar terminology. The “forward-looking statements” include, without limitation, statements regarding the impact of the Breathe Right® acquisition; the Company’s future operating results including revenues, organic growth, adjusted diluted earnings per share, and free cash flow; the strength of the Company’s financial profile, improvements in eye care supply from the acquisition of our key supplier; the timing of the closing of acquisitions; the Company’s focus on environmental sustainability, social responsibility, corporate governance and innovation; the impact of volatile markets on consumer spending; the timing of the Company’s return to historical leverage; and the Company’s ability to manage and mitigate energy costs; and the Company’s ability to create shareholder value. These statements are based on management’s estimates and assumptions with respect to future events and financial performance and are believed to be reasonable, though are inherently uncertain and difficult to predict. Actual results could differ materially from those expected as a result of a variety of factors, including the impact of business and economic conditions, including as a result of evolving U.S. and international tariffs and trade actions, labor shortages, inflation and geopolitical instability, consumer trends, the impact of the Company’s advertising and marketing and new product development initiatives, customer inventory management initiatives, fluctuating foreign exchange rates, competitive pressures, and the ability of the Company’s manufacturing operations and third party manufacturers and logistics providers and suppliers to meet demand for its products and to avoid inflationary cost increases and disruption. A discussion of factors that could cause results to vary is included in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2026 and other periodic reports filed with the SEC.

Performance Highlights

Fiscal 2026 demonstrated the resilience of our business model in a challenging consumer backdrop. We achieved strong free cash flow growth thanks to our business strategy and the unique attributes of our portfolio. Below are just a few of the financial highlights of fiscal 2026 that tie both directly and indirectly into incentive program compensation.

Top Line Trends	EPS	Free Cash Flow & Allocation
- Revenue of \$1,089M - Organic revenue declines due primarily to supply challenges in the Eye & Ear Care Category - Continued growth in the Gastrointestinal Category	- Adjusted Diluted EPS of \$4.38, down approximately 3% vs. Adjusted prior year - Strong financial profile helped to offset revenue challenges	- Free Cash Flow of approximately \$246M - Enabled fiscal 2027 acquisition of Breathe Right

Please refer to Appendix A for a reconciliation of non-GAAP organic revenue growth, Adjusted Diluted EPS and Free Cash Flow to our most directly comparable financial measures presented in accordance with GAAP.

TOTAL REVENUES

We are committed to managing our manufacturing facilities in Virginia, Ontario, Canada and Victoria, Australia, as well as our over 100 global suppliers, in a responsible manner so that they are aligned with our mission and values. We have a strict Code of Conduct and Ethics that fosters a work environment that is free from intimidation, harassment and violence. Our team employs a process to investigate and resolve any potential conduct or ethics concern that may violate our Code of Conduct and Ethics. Raising a concern honestly or participating in an investigation cannot be the basis for any adverse employment action, including termination, suspension, loss of benefits, threats, harassment or discrimination.

BOARD AND GOVERNANCE MATTERS

PROPOSAL 1:

Election of Directors

How many directors are stockholders being asked to elect and for what term?

The number of directors on the Board of Directors is fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. Currently, the Board of Directors is fixed at seven directors. In connection with the 2026 Annual Meeting of Stockholders, Sheila A. Hopkins has elected to retire from the Board of Directors and will not stand for reelection. The Board wishes to express its deep appreciation for her nearly eleven years of service and her significant contributions to the Company. Following the Annual Meeting, the Board will be reduced from seven to six directors. If elected, each of the six nominees would hold office until the 2027 Annual Meeting of Stockholders and until his or her respective successor is elected and qualified or until his or her earlier death, removal or resignation.

What if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have voted "Withhold" with respect to the original nominee.

How many votes are needed to elect directors?

A plurality of the votes of shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote in the election of directors is necessary for the election of directors. This means that the six director nominees with the most votes will be elected. You may vote in favor of all nominees, withhold your vote as to all nominees, or withhold your vote as to specific nominees.

What Does the Board of Directors Recommend?

The Board Recommends You Vote **FOR** the Election of the Nominees for Director Named Above.

Director Independence

In accordance with the NYSE's listing requirements, the Board of Directors has evaluated, for each of the directors, his or her independence from the Company and its management. In its evaluation, the Board of Directors reviewed whether any transactions or relationships exist currently, or existed during the past three years, between each director and the Company or its subsidiaries, affiliates or independent auditors. The Board of Directors also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates. Based on this review and the NYSE's definition of "independence," the Board of Directors has determined that a majority of the Board of Directors is "independent." The independent directors currently are Mses. Clark, Hopkins and Zier and Messrs. Byom, D'Arecca, and Kelly. Based on the NYSE's listing requirements, the Board of Directors has also determined that each of the members of our Compensation and Talent Management Committee is "independent". The Board of Directors has also determined that each of the members of our Audit and Finance Committee is "independent" for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the NYSE's listing requirements. The Board of Directors also determined that Ms. Zier, Mr. Byom and Mr. D'Arecca are financially literate as that qualification is interpreted by the Board and the NYSE and each is an "audit committee financial expert" as that term is defined by Securities and Exchange Commission (the "SEC") regulations.

Conditional Resignation Policy

If a director does not receive more votes "for" than "withhold" for his or her election in an uncontested election, then the director will promptly tender his or her resignation. The Nominating and Corporate Governance Committee, without the participation of the director who tendered his or her resignation, will then take action to accept or reject the director's resignation and submit its recommendation to the full Board of Directors. The full Board of Directors, without the participation of the director who tendered his or her resignation, will accept or reject the resignation and, if it chooses not to accept the resignation, will disclose its decision in a Form 8-K or similar filing with the SEC.

Director Nomination Process

Board Refreshment and Director Recruitment Process

The Board is committed to an ongoing refreshment process and continually evaluates the composition of the Board to ensure that it has a strong balance of skills, experience, perspective and rigorous oversight through independent judgment.

The Nominating and Corporate Governance Committee identifies potential candidates for nomination as directors based on recommendations by our executive officers or directors, as well as through professional search firms engaged on a retainer basis. The Nominating and Corporate Governance Committee also considers properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating candidates for nomination, the Nominating and Corporate Governance Committee will consider the factors it believes to be appropriate, which would generally include the candidate's personal and professional integrity, business judgment, relevant experience and skills, and potential to be an effective director in conjunction with the rest of the Board of Directors in collectively serving the interests of our stockholders. Generally, candidates must have the key experience, qualifications and skills as discussed on page 15 of this Proxy Statement.

Diverse and Experienced Board

In evaluating potential candidates for Board membership, the Nominating and Corporate Governance Committee considers diversity of age, gender, race, and professional experience. The Board seeks the best qualified candidates which bring the mix of experience that facilitates the strong strategic oversight necessary to support our business and management. As a result, our Board consists of former public company CEOs, current and former CFOs, marketing experts, supply chain experts, and governance/communications experts. The Board believes that diversity of experience is important because the various points of view are reflective of our stakeholders and contribute to a more effective, engaged Board and better decision-making processes.

Stockholder Recommendations for Nominees

The Nominating and Corporate Governance Committee will consider as potential director nominees any individuals properly recommended by stockholders. Recommendations concerning individuals proposed for consideration by the Nominating and Corporate Governance Committee should be addressed to Prestige Consumer Healthcare Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Corporate Secretary. Each recommendation should include a personal biography of the suggested nominee, an indication of the background or experience that qualifies the person for consideration, and a statement that the person has agreed to serve if nominated and elected.

Stockholders who themselves want to nominate a person for election to the Board of Directors, as contrasted with recommending a potential nominee to the Nominating and Corporate Governance Committee for its consideration, are required to comply with the advance notice and other requirements set forth in the Company's Amended and Restated Bylaws, as amended (the "Amended and Restated Bylaws"), and any applicable requirements of the Exchange Act, including the information required by Rule 14a-19(b) such as a statement that the nominating stockholder intends to solicit the holders of shares representing at least 67% of the voting power of shares entitled to vote in the election of directors in support of the nominee. The Nominating and Corporate Governance Committee does not evaluate potential nominees for director differently based on whether they are recommended to the Nominating and Corporate Governance Committee by officers or directors of the Company or by a stockholder.

The Board's Role and Responsibilities

Oversight of Strategy

Our Board plays a crucial role in overseeing our long-term corporate strategy, approving strategic plans, monitoring performance with key metrics, allocating resources effectively, and making informed investment decisions. Each year, the Board holds a strategic planning session with members of Prestige's senior leadership who present and solicit guidance on both the Company's strategic long-range plan as well as its annual operating plan. At subsequent meetings, the Board continues to review the Company's progress against the plans and will review specific strategic initiatives that may be proposed during the year. The Board is continuously engaged in providing oversight and independent business judgment on the strategic issues that are most important to the Company.

Risk Oversight and Risk Management

The Board is actively involved in oversight of the significant risks affecting our business. The Board and its committees' risk oversight activities are informed by our management risk assessment and risk management processes. Our Board monitors our "tone at the top" and risk culture and oversees emerging strategic risks. Risk management is overseen by our Board through the Board's committees. Each committee provides regular reports to the Board regarding matters reviewed by their committee.

Board Oversight

The Board implements its risk oversight function both as a whole and through its committees. Throughout the year, the Board, including through executive session, and the committees to which it has delegated responsibility, conduct risk assessments and discuss identified risks and how to mitigate such risks.

The Board reviews risks to the Company strategy and operations.

Management regularly reports to the Board on its risk assessments and risk mitigation strategies for the major risks of our business. Senior management and other employees also report to the Board and its committees from time to time on risk-related issues.

Board Oversight of Certain Areas/Key Risks

Oversight of Enterprise Risk Management

Management administers an annual detailed Enterprise Risk Management assessment to identify and rank the most significant risks that affect our Company, including consideration of a large number of risks associated with companies in the consumer products industry. Formal alignment of the most significant risks occurs between the Board and executive management every year and as changes in the risk environment necessitate. The assessed risks encompass, among others, economic, industry, enterprise, operational, cybersecurity, compliance and financial risks. Our Chief Executive Officer assigns a manager to lead the management of each of those risks identified as among the most significant. As part of the risk management process, management (with the assistance of our third-party internal auditor) annually prepares a project plan under which it reviews activities directed to mitigate business and financial related risks. This plan is reviewed with the Audit and Finance Committee annually and throughout the year as updates occur. Our third-party internal auditor reports directly to the Audit and Finance Committee and advises the committee on a quarterly basis regarding management's risk assessment process and the progress of mitigation activities designed to facilitate the maintenance of risk within acceptable levels.

Oversight of Cybersecurity and Privacy Risk Management

Our Board considers cybersecurity risk as part of its risk oversight function and has delegated to the Audit and Finance Committee oversight of cybersecurity and other information technology risks. The Audit and Finance Committee oversees management's implementation of our cybersecurity risk management strategy, including reviewing risk assessments from management with respect to our information technology systems and procedures, and overseeing our cybersecurity risk management strategy. The Audit and Finance Committee, which is tasked with oversight of certain risk issues, including cybersecurity, receives regular reports from the Chief Financial Officer and the Vice President, Information Technology and Chief Information Security Officer ("CISO"). At least annually, the Audit and Finance Committee receives updates on the strategy and about the results of exercises and response readiness assessments led by outside advisors who provide a third-party independent assessment of our technical program and our internal response preparedness. The Audit and Finance Committee also receives periodic briefings regarding our information security programs and cyber threats in order to enhance our directors' literacy on cyber issues. In addition, management will update the Audit and Finance Committee, as necessary, regarding cybersecurity incidents that we may experience. Our CISO and Chief Financial Officer are responsible for assessing and managing our material risks from cybersecurity threats. The cyber security risk management team, which includes personnel with Certified Information Systems Security Professional ("CISSP") certification from ISC2, has primary responsibility for our overall cybersecurity risk management program and oversees both our internal cybersecurity personnel and our retained external cybersecurity consultants. Our cyber security risk management team is led by our CISO, who has significant experience across digital innovation and technology-enabled growth, information security, infrastructure, operations and compliance. Our management team supervises efforts to prevent, detect, mitigate, and remediate cybersecurity risks and incidents through various means, which include briefings from internal personnel; threat intelligence and other information obtained from governmental, public or private sources, including external consultants engaged by us; and alerts and reports produced by security tools deployed in the IT environment.

Oversight of Artificial Intelligence

Our Board recognizes that artificial intelligence ("AI") presents both significant opportunities and evolving risks for the Company, including in the areas of marketing, consumer engagement, product development, supply chain optimization, and data privacy. Consistent with the Company's commitment to responsible governance and innovation, the Board has designated the Audit and Finance Committee to oversee the Company's management of AI-related risks, including risks related to data integrity, regulatory compliance, and the responsible use of AI in consumer-facing applications. The full Board also receives periodic updates on the strategic implications of AI as part of our annual strategic planning process. To support this oversight framework, the Company has established a management-level AI Governance Committee chaired by the Vice President, Information Technology and Chief Information Security Officer ("CISO"). The AI Governance Committee is comprised of multifunctional representation from across the organization, including representatives from legal, finance, marketing, operations, human resources, and supply chain, reflecting the Company's view that the responsible development and use of AI requires coordinated oversight across all business functions. The AI Governance Committee is responsible for developing and implementing the Company's AI governance policies and controls, assessing AI-related risks and opportunities, monitoring the use of AI tools and technologies across the organization, and ensuring that such use aligns with the Company's AI Policy, Code of Conduct and Ethics and applicable legal and regulatory requirements. The Chair of the AI Governance Committee reports to the Audit and Finance Committee, which in turn provides updates to the full Board as appropriate. The Company will continue to assess its AI governance framework as the technology and regulatory landscape evolves.

Oversight of Corporate Responsibility

Our Board considers corporate responsibility to be important for the long term success of the Company and has delegated oversight of those programs to the Nominating and Corporate Governance Committee. Our Senior Vice President and General Counsel and our Vice President, Investor Relations and Treasury lead our corporate responsibility initiatives supported by various functional representatives and external subject matter experts. They meet regularly with functional experts to review the health of the program, opportunities for improvement, and the status of execution against agreed program priorities. Our Senior Vice President and General Counsel and Vice President, Investor Relations and Treasury also meet regularly with the Nominating and Corporate Governance Committee to review our corporate responsibility priorities.

Succession Planning

Our Board of Directors recognizes that one of its most important duties is to ensure excellence and continuity in our senior leadership by overseeing the development of executive talent and planning for the effective succession of the Chair of our Board of Directors and our CEO and other senior members of executive management. Our CEO and other senior executive succession planning process includes identifying external candidates, where appropriate, and identifying and developing potential internal candidates on an ongoing basis.

Our Board of Directors is committed to being prepared for a planned or unplanned change in our leadership in order to ensure our stability. In continuation of this process, the Nominating and Corporate Governance Committee, in collaboration with the Compensation and Talent Management Committee, agree upon and recommend to the Board a succession plan for our CEO in the ordinary course of business and in emergency situations. Through this process, our Board of Directors receives from our CEO qualitative evaluations of, and recommendations concerning, potential successors to our CEO and our other senior executives, along with a review of any development plans recommended for such individuals. At least once annually, our Board of Directors reviews our succession plans. Succession planning is also regularly discussed in executive sessions of our Board of Directors and in committee meetings, as applicable. Our directors become familiar with internal potential successors for key leadership positions through various means, including a comprehensive annual talent and succession review, Board of Directors and committee meeting presentations, and less formal interactions throughout the course of the year.

Director Engagement

Meetings and Attendance

The Board of Directors held seven meetings during fiscal 2026. Each director is expected to attend each meeting of the Board of Directors and those committees on which he or she serves. The Board of Directors expects that its members will attend the 2026 Annual Meeting of Stockholders (the “Annual Meeting”) either in person, by videoconference or by telephone. All our directors attended the 2025 Annual Meeting of Stockholders.

≥75% ATTENDANCE

Each of our directors attended 75% or more of the total number of meetings of the Board of Directors and those committees on which he or she served during the last fiscal year.

Director Orientation and Continuing Education

Regular continuing education programs enhance the skills and knowledge directors use to perform their responsibilities. These programs may include internally developed programs or programs presented by third parties. In addition to the regular sustainability, cybersecurity, legal and regulatory updates the Board receives at meetings, we encourage our directors to participate in external continuing director education programs. New directors also receive a comprehensive orientation session that provides them with a thorough understanding of their fiduciary duties, as well as a robust overview of the Company’s business and strategies, which allows new directors to begin making contributions to the Board at the start of their service.

Board Evaluation Process

Every year, the Board of Directors and its committees complete a self-evaluation of their performance and engage in discussion regarding the results. In the event the Board of Directors or its committees determine that modifications to their practices are required, those changes may be implemented through amendments to the Company's corporate governance practices and the documents through which such practices are effectuated.

EXECUTIVE COMPENSATION

PROPOSAL 2:

Advisory Vote to Approve Named Executive Officer Compensation

Why are we submitting this matter to you?

We are required by Section 14A of the Exchange Act and by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) to provide our stockholders with the opportunity to approve, on an advisory, non-binding basis, the compensation of our named executive officers (“NEOs”) contained in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our executive compensation as described in this Proxy Statement. Our executive compensation program is described in the Compensation Discussion and Analysis (“CD&A”), executive compensation tables and other narrative executive compensation disclosures required by the disclosure rules of the SEC, all of which are found in this Proxy Statement. In particular, the CD&A, beginning on page 41 of this Proxy Statement, describes the Company’s executive compensation program in detail, and we encourage you to review it.

At the 2023 Annual Meeting of Stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. The Board of Directors has determined, in line with the vote of the Company’s stockholders, to have an annual advisory vote on the compensation of our named executive officers.

Accordingly, the next advisory vote on executive compensation will occur at this Annual Meeting of Stockholders.

What are you being asked to vote on?

Stockholders are being asked to vote either for or against the following non-binding resolution:

RESOLVED, that the stockholders of Prestige Consumer Healthcare Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures included in this Proxy Statement.

Is this vote binding?

No. As provided by the Dodd-Frank Act, this vote will not be binding on the Board of Directors or the Compensation and Talent Management Committee and may not be construed as overruling a decision by the Board of Directors or the Compensation and Talent Management Committee or creating or implying any additional fiduciary duty for the Board.

Further, it will not affect any compensation paid or awarded to any executive officer. The Compensation and Talent Management Committee and the Board will, however, take into account the outcome of the vote when considering future executive compensation arrangements.

What vote is required for approval of the Say-on-Pay proposal?

The approval of this non-binding resolution requires the affirmative vote of a majority of the shares present, in person or by proxy, at the Annual Meeting and entitled to vote on the proposal. If this proposal is not approved by the required vote, the Board and the Compensation and Talent Management Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.

What Does the Board Recommend?

For all of the reasons discussed in our CD&A beginning on Page 41 of this Proxy Statement, the Board of Directors recommends that you vote **FOR** the approval of the compensation of our Named Executive Officers as described in this Proxy Statement.

Executive Summary

Our Performance During 2026

Stable Revenue Revenue of \$1,088.7 Million	Sustained Profitability Adjusted EPS of \$4.38	Strong Free Cash Flow Up from 2025 to \$246 Million	Low Year-End Leverage 2.6x Leverage

Please refer to Appendix A for a reconciliation of non-GAAP Adjusted EPS and Free Cash Flow to our most directly comparable financial measure presented in accordance with GAAP.

Compensation Philosophy

It is the intent of the Company, through the efforts of the Compensation and Talent Management Committee, to:

Motivate our business leaders to deliver a high degree of business performance and ensure that their interests are closely aligned with those of our stockholders;

Attract and retain highly qualified senior leaders who can drive a successful global enterprise in today's competitive marketplace and represent the diversity of our employees and the customers we serve;

Establish executive compensation that is competitive with the compensation offered by similarly situated companies;

Focus management on both the Company's short-term and long-term strategy, performance and success;

Maintain practices that support good governance; and

Structure programs that mitigate any incentives to take excessive risks.

Our executive compensation philosophy is to have programs and pay levels that enable us to attract, retain and motivate talented management who will drive exceptional results for our stockholders. We accomplish this by ensuring that our executive officers are compensated in a way that considers market practice, supports good governance, and drives both company and individual performance. To ensure fair and competitive pay, the Compensation and Talent Management Committee references a peer group comprised of companies it selected based on various characteristics (as described further below) and uses median as a reference point in setting target pay levels for the Company's executive officers.

The Company uses the following types of compensation to compensate and reward our executive officers for their performance: base salary, a cash-based annual incentive plan, and long-term equity awards comprised of performance stock units and restricted stock units. The Compensation and Talent Management Committee believes that the elements of compensation that it provides create a flexible, performance-based compensation package that focuses and rewards executives for short and long-term performance, while aligning the interests of our executive officers with the interests of the Company's stockholders.

Each element of executive compensation described above is determined based on:

- ✓ The executive's level of responsibility and function within the Company;
- ✓ The overall performance and profitability of the Company;
- ✓ The executive's performance within the Company;
- ✓ Executive compensation offered to similarly situated executives at peer companies; and
- ✓ Good governance practices.

Structure of Program

PERFORMANCE

Our executive compensation includes a significant amount of performance-based, or at-risk, compensation. We consider compensation to be performance-based or at-risk if payment is subject to achievement of performance targets or the value received is dependent on our stock price.

The Compensation and Talent Management Committee believes that the use of performance-based or at-risk compensation allows the Company to tailor the compensation paid to our executive officers to the Company's performance and maintain a compensation system that significantly affects executive compensation in the event the Company does not meet the pre-determined performance goals. Furthermore, utilizing threshold performance targets puts the performance units entirely at risk, which means that in the event the Company does not meet the threshold performance goals, the performance units would not be paid to the executive officers. Performance stock units are earned only if the Company achieves the pre-established three- year performance goals. Performance Stock Units and Restricted Stock Units are weighted as follows:

Long-term Incentive (LTI) Vehicle	Target LTI NEOs Other Than CEO	Target LTI Value CEO
Performance Stock Units	60%	75%
Service-based Restricted Stock Units	40%	25%

ALIGNMENT

By motivating and incentivizing our executive officers with regard to the Company's short- and long-term goals, the Compensation and Talent Management Committee believes that the interests of the executive officers and the Company's stockholders are properly aligned.

Our 2026 Compensation Program

Brief Summary of Compensation Program

GOALS OF THE PROGRAM:

- To attract, retain and motivate talented management taking competitors' compensation practices into account;
- Reinforce our strategy;
- To support achievement of our Company-wide objectives and increase stockholder value; and
- Maintain practices that support good governance.

ANNUAL CASH INCENTIVE AWARDS:

- Our named executive officers earned their annual cash incentive awards through our Annual Incentive Plan ("AIP") primarily based on the Company's achievement of pre-determined performance goals related to Net Sales (weighted 50%) and Adjusted AIP EBITDA (weighted 50%), as defined later in the Compensation Discussion and Analysis.
- The Company reached 95% of its Net Sales target and 93% of its Adjusted EBITDA goals in the very challenging macroeconomic environment, resulting in a payout of 68% of target.
- Our plan also allows for an individual adjustment, up or down, based on individual performance as discussed later in Compensation Discussion and Analysis.

LONG-TERM INCENTIVE AWARDS:

- The performance-based orientation of our long-term incentive program is 75% of our CEO's targeted value of the long-term incentive award allocated to performance stock units, which are earned based on performance over 3-years. The remaining 25% is delivered in restricted stock units, which vest ratably over 3-years.
- Our other named executive officers' targeted value of the long-term incentive award was allocated 60% to performance stock units and 40% to restricted stock units.
- Despite very challenging 3-year goals set for the May 2023 performance stock unit grant, the Company reached 95% of its Net Sales target and 92% of its Adjusted EBITDA goals, resulting in a payout of 70% of target for the three-year performance period, fiscal 2024 through 2026.

CHALLENGING ENVIRONMENT:

During fiscal 2026, the Company navigated a challenging operating environment driven by significant supply chain disruptions alongside broader macroeconomic pressures, including evolving U.S. and international trade restrictions and tariffs, a high inflationary environment, and rising input costs. These conditions resulted in shortages, delays and backorders for certain ingredients and products, most notably in our eye care product lines. Despite these headwinds, the Company delivered solid financial results, maintaining strong profitability and free cash flow generation, and reduced net leverage.

This financial strength enabled meaningful capital deployment. During the fiscal year, we completed the acquisition of our key eye care supplier, securing a critical element of our supply chain. Additionally, in March, we entered into a definitive agreement to acquire Breathe Right® and certain other brands — the largest acquisition in Company history — which closed on June 12, 2026. These actions advance our proven capital deployment strategy and demonstrate the resilience of our diversified portfolio of consumer healthcare brands.

Elements of Compensation

The following table provides additional information regarding the various elements of our 2026 executive compensation program.

	Pay Element	Objective	Purpose of the Pay Element
Fixed	Base Salary	Skills, experience, competence, performance, responsibility, leadership and contribution to the Company.	Recognize the level of job scope and complexity, and the skills, experience, leadership and sustained performance required by the executive.
	Annual Cash Incentive ("AIP")	Achieving annual target revenue and profitability.	- Reward the achievement of annual performance targets. - Ensures compensation is properly aligned to financial performance, including being completely at risk for failure to meet annual financial threshold targets.
Variable / At Risk	Long-Term Incentive Awards (Performance Stock Units, Restricted Stock Units)	- Achieving long-term revenue growth and profitability over the three year vesting period. - Ability to increase and maintain stock price. - Achievement of adjusted cumulative EBITDA and cumulative Revenue goals. - Continued employment with the Company during the three-year vesting period.	- Reward achievement of long-term financial performance and strategic corporate initiatives. - Provide a competitive mix of incentives to attract and retain top talent and to further reinforce alignment between the interests of management and shareholders.

Say-on-Pay Results

At the 2025 Annual Meeting of Stockholders, approximately 97% of the shares represented, entitled to vote and voted at the annual meeting were voted to approve the compensation of the Company's named executive officers as discussed and disclosed in our 2025 Proxy Statement. In considering the results of this advisory vote on executive compensation, the Compensation and Talent Management Committee concluded that the compensation paid to our named executive officers and the Company's overall compensation program enjoy strong stockholder support. We also regularly meet with our largest stockholders and solicit feedback on a wide range of topics.

2025 SAY ON PAY APPROVAL

Compensation Governance Highlights

We endeavor to maintain good governance standards including with respect to the oversight of our executive compensation policies and practices, as evidenced by the following practices of our Compensation and Talent Management Committee:

The Committee is composed solely of independent directors.

The Committee conducts an annual review of our compensation-related risk profile to ensure that compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

The Committee's independent compensation consultant, CAP, is retained directly by the Compensation and Talent Management Committee and performs no other services for us.

The Committee regularly reviews succession and talent management.

Executive Compensation Best Practices

-
-  **No Evergreen Provision.**
 The Company's 2020 Long-Term Incentive Plan ("2020 LTIP") does not contain an "evergreen" feature pursuant to which the shares authorized for issuance under the 2020 LTIP can be automatically replenished.
 -  **No Repricing of Stock Options.**
 Without the prior approval of the Company's stockholders, outstanding stock options cannot be repriced, directly or indirectly, nor may stock options be cancelled in exchanged for stock options with an exercise price that is less than the exercise price of the original stock options.
 -  **Clawback Policy.**
 All awards (and/or any amount received with respect to such awards) under the Annual Incentive Plan and the 2020 LTIP are subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with applicable law, stock exchange listing requirements, and the recoupment policy of the Company.
 -  **Minimum Vesting Requirements.**
 Awards granted under the 2020 LTIP will be subject to a minimum vesting period of one year except for 5% of the pool that is available to grant with shorter vesting.
 -  **No Dividends on Unearned Awards.**
 The 2020 LTIP prohibits the current payment of dividends or dividend equivalent rights on unearned awards.
 -  **No Excessive Perquisites**
 We do not provide excessive perquisites.
 -  **No Liberal Share Recycling Provisions.**
 Shares retained by or delivered to the Company to pay the exercise price of a stock option or to satisfy tax withholding obligations in connection with the exercise, vesting or settlement of an award count against the number of shares remaining available under the 2020 LTIP.
 -  **No Single-trigger Change of Control Vesting.**
 If awards granted under the 2020 LTIP are assumed by the successor entity in connection with a change of control of the Company, such awards will not automatically vest and pay out upon the change of control.
 -  **Limitation on Non-employee Director Compensation.**
 The 2020 LTIP provides that, with respect to any one fiscal year, the aggregate compensation that may be granted or awarded to any one non-employee director, including all stock awards and cash payments shall not exceed \$600,000, or \$900,000 in the case of a nonemployee Chair of the Board or Lead Director.
 -  **No Gross-Ups.**
 Our executive severance plan does not contain a Section 280G excise tax "gross-up" provision.
 -  **Robust Stock Ownership Guidelines.**

Executive Compensation Decision-Making Process

Roles and Responsibilities

The Compensation and Talent Management Committee engaged Compensation Advisory Partners (“CAP”) to conduct an analysis of the Company’s compensation levels and design for the Chief Executive Officer and the other executive officers of the Company. CAP also provided market context and advice for decisions related to incentives and other compensation practices.

In 2026, the Compensation and Talent Management Committee evaluated the independence of CAP considering SEC rules and NYSE listing standards, which require consideration of the following factors:

- whether any other services are provided to the Company by the consultant;
- the fees paid by the Company as a percentage of the consulting firm’s total revenue;
- the policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest;
- any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation and Talent Management Committee;
- any Company stock owned by the individual consultants involved in the engagement; and
- any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement.

The Compensation and Talent Management Committee discussed these considerations and concluded that the engagement of CAP and the services provided to the Compensation and Talent Management Committee by CAP did not raise any conflict of interest and that CAP is independent.

CAP did not provide any services to the Company other than in connection with its engagement by the Compensation and Talent Management Committee.

Role of Compensation and Talent Management Committee

The Compensation and Talent Management Committee and the Board of Directors are responsible for establishing the CEO’s compensation package.

Role of Independent Consultant

- CAP assisted in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation and Talent Management Committee.
- CAP was consulted by the Compensation and Talent Management Committee in determining the compensation to be awarded to Mr. Lombardi in 2026, and in determining his compensation program for 2027.

Role of Management

Mr. Lombardi, our Chair, President and Chief Executive Officer, with the assistance of certain members of senior management, participated in discussions with, and made recommendations to, the Compensation and Talent Management Committee regarding the setting of base salaries and cash and equity incentive plan compensation for the other executive officers. Mr. Lombardi was assisted by certain members of senior management and CAP in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation and Talent Management Committee.

Compensation Review and Competitive Analysis

As part of its evaluation of the Company's compensation packages, CAP recommended a group of peer companies that reflect the Company's business model, as well as being within a reasonable range of the Company's revenue, EBITDA, EBITDA margin, and market capitalization. Because our core products are in the over-the-counter and personal care sector, there are relatively few companies like us. As a result, we consider companies with strong brands and similar business models as comparable peers as well as select companies in the Pharmaceutical space. In addition, given our operating model and high margins, we consider strong EBITDA performance to be an important metric in selecting our peers.

In determining compensation for 2026, the Compensation and Talent Management Committee reviewed and considered market data provided to it by CAP related to individual pay components (salary and target annual bonus opportunity), total cash compensation, long-term incentive target grant values, and total direct compensation, at the 25th percentile, median, and 75th percentile of the peer group. The Compensation and Talent Management Committee intends compensation to approximate the median level of compensation offered to similarly situated executive officers at companies in the Company's peer group.

The Compensation and Talent Management Committee approved the following peer group:

2026 Peer Group

-
- | | |
|-------------------------------|-------------------------------------|
| • Amphastar Pharmaceuticals | • Pacira BioSciences, Inc. |
| • B&G Foods Holdings Corp. | • Calavo Growers Inc. |
| • Church & Dwight Co. | • Edgewell Personal Care Company |
| • Energizer Holdings, Inc. | • Hain Celestial Group, Inc. |
| • Helen of Troy Limited | • Spectrum Brands Holdings Inc. |
| • BellRing Brands, Inc. | • Simply Good Foods Company |
| • USANA Health Sciences, Inc. | • Corcept Therapeutics Incorporated |
| • Utz Brands | |
-

For 2026 compensation benchmarking, the Compensation and Talent Management Committee removed Jazz Pharmaceuticals (revenue no longer comparable), Primo Water (merged) and Vista Outdoor (split and acquired) and added Spectrum Brands, BellRing Brands and Simply Good Foods based on their similar financial profile.

For 2027 compensation planning, the Compensation and Talent Management Committee removed Calavo Growers Inc. as they had been facing operational issues and have since been acquired in May 2026. While market data is an important factor in setting pay, it is not the only factor we consider. For example, an executive officer's total compensation may be higher or lower than the market median based on the level of responsibility, individual experience and performance in a particular year. In some situations, we will also use compensation survey data as an additional point of reference for select named executive officers.

2026 NEO Compensation

Base Salary

The Compensation and Talent Management Committee determines the base salary for our executive officers by first reviewing peer group salaries for similarly situated positions and then adjusting such salaries as necessary based on the scope of work, skills, experience, responsibilities, performance and seniority of the executive and the recommendation of the Chief Executive Officer (except in the case of his own compensation, which is determined by the Compensation and Talent Management Committee and the Board of Directors). In addition, with respect to promotions and new hires, the Compensation and Talent Management Committee considers the predecessor's base salary. The Company views base salary as a fixed component of executive compensation that compensates the executive officer for the daily responsibilities assumed in keeping the Company operating throughout the year. The Compensation and Talent Management Committee reviews executive officers' salaries annually at the end of the fiscal year and establishes the base salaries for the upcoming fiscal year. The base salaries paid to our named executive officers during 2026 are set forth in the "Salary" column of the Summary Compensation table later in this Proxy Statement.

Executive Compensation

In May 2026, the Compensation and Talent Management Committee approved adjustments to base salaries for fiscal 2027 to move each closer to the median of the peer group, as set forth below:

Name	FY2026 Salary	FY2027 Salary	% Increase Effective April 1, 2026*
Mr. Lombardi	\$1,000,000	\$1,050,000	5%
Ms. Sacco	\$ 715,000	\$ 736,000	3%
Mr. Mekhail	\$ 544,000	\$ 555,000	2%
Mr. P'Pool	\$ 562,000	\$ 579,000	3%
Mr. Zerillo	\$ 381,000	\$ 395,000	3.8%

* Increases approved in May were retroactive to beginning of fiscal year.

Annual Cash Incentive Plan

The Annual Incentive Plan ("AIP") provides our executive officers with the ability to earn additional cash compensation based on a percentage of base salary and the Company's performance. The Company views the AIP as a performance-based component of executive compensation that motivates and incentivizes the executive officers to achieve the short-term goals of the Company and our stockholders.

For 2026, the Compensation and Talent Management Committee chose the following as the corporate financial goals for the AIP:

Metric	Definition	Rationale for Selection
AIP net sales (50%)	Total revenues.	Drive consistent top-line growth.
AIP Adjusted EBITDA (50%)	Net income plus depreciation and amortization, interest expense, integration, transition, purchase accounting, legal and various other costs associated with acquisitions and divestitures, tradename impairment and certain tax adjustments.	Drive stockholder value creation in terms of growth of earnings per share and free cash flow.

Typically, no bonuses are payable under the AIP unless the Company achieves threshold performance for one of the goals set for net sales or Adjusted EBITDA. If the Company achieves both of these threshold goals, then each of our named executive officer's bonus is subject to a maximum award of 200% of their target bonus based on achievement with respect to the Company performance factors. The award will be subject to an additional individual performance factor that may be added to and raise the total annual bonus for the executive above 200% of their target bonus up to the maximum of the individual award factor of 20%. The individual performance factor may also decrease payouts by up to 20%.

Payout Formula

Base Salary	×	Company Performance Factor (0% to 200%)	+	Individual Performance Factor (+/-20%)	=	AIP Payout
-------------	---	---	---	--	---	------------

The Compensation and Talent Management Committee identified a target bonus, expressed as a percentage of their base salary, for each named executive officer, which for 2026 were as follows:

NEO	Target Bonus (% of Base Salary)
Mr. Lombardi	125%
Ms. Sacco	75%
Mr. Mekhail	60%
Mr. P'Pool	50%
Mr. Zerillo	40%

The following table reflects the 2026 net sales, Adjusted EBITDA and payout levels approved by the Compensation and Talent Management Committee that correspond to the threshold, target and maximum performance by the Company. The named executive officers earn no payment if performance is below threshold or a payment on a sliding-scale between the minimum (threshold) amount and the maximum amount, inclusive of the target amount based on the Company's performance.

Following the close of the fiscal year, the Compensation and Talent Management Committee assesses the Company's performance against the pre-determined performance targets and determines the amount, if any, of bonus earned by the executive officers. To be eligible to receive cash incentive compensation, the executive must be employed with the Company at the time payments are made by the Company. Even with a very challenging macroeconomic environment and supply chain disruptions in 2026, our 2026 Net Sales and Adjusted EBITDA for the Company were \$1,088.7 million and \$353.8 million, respectively. Based on the results of these financial metrics, our named executive officers earned 68% of their target bonus.

While the entire leadership team performed very well in this challenging year, the Compensation and Talent Management Committee elected to award additional bonus to Mr. Zerillo. When determining the adjustments to individual bonus payouts, the Compensation and Talent Management Committee considered each named executive officers' achievement against their respective goals. Any adjustments to the payouts are linked to the goals and objectives set for the individual by the CEO or in the case of the CEO, by the Compensation and Talent Management Committee.

The following table reflects each named executive officer's target bonus and actual payout.

Name	Target Bonus	Company Performance Payout (68% of Target Bonus)	Individual Performance Adjustment	Total Payout
Mr. Lombardi	\$1,250,000	\$ 850,000	\$ 0	\$ 850,000
Ms. Sacco	\$ 536,250	\$ 364,650	\$ 0	\$ 364,650
Mr. Mekhail	\$ 326,400	\$ 221,952	\$ 0	\$ 221,952
Mr. P'Pool	\$ 281,000	\$ 191,080	\$ 0	\$ 191,080
Mr. Zerillo	\$ 152,400	\$ 103,632	\$ 7,772	\$ 111,404

The 2026 AIP payouts to our named executive officers also are set forth in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation table later in this Proxy Statement.

Equity Awards

Executive officers of the Company are eligible to receive annual equity awards under our 2020 LTIP. Awards under the 2020 LTIP tie a significant portion of an executive officer's long-term compensation directly to stock price appreciation realized by all our stockholders and aligns an executive officer's interests with those of our stockholders. Under the 2020 LTIP, our executive officers may receive performance stock units and restricted stock units.

Overall Philosophy and Objectives Regarding Equity Awards

The Company views the above-mentioned equity awards as components of executive compensation that motivate and incentivize management to achieve the long-term performance goals (including stock price appreciation) of the Company and our stockholders.

The Compensation and Talent Management Committee believes equity-based incentive compensation aligns executive and stockholder interests because:

The use of multi-year vesting for equity awards encourages executive retention and emphasizes the attainment of long-term performance goals.

Paying a significant portion of executive compensation with long-term incentives motivates and incentivizes the executive officers to meet the long-term performance goals set by the Compensation and Talent Management Committee.

The executive officers will hold significant amounts of equity in the Company as required by the Company's Stock Ownership Guidelines and will be motivated to increase stockholder value over the long-term.

In May 2025, following discussions with CAP and review of the benchmarking data for our executive officers, the Compensation and Talent Management Committee increased target award values for each executive for FY2026 to move each closer to the median of the peer group. Target award values increased, as provided in the table below.

Name	FY2026 Targeted Award Value	% Increase from FY2025
Mr. Lombardi	\$4,100,000	2.5
Ms. Sacco	\$1,609,000	2.2
Mr. Mekhail	\$ 544,000	3.0
Mr. P'Pool	\$ 562,000	2.9
Mr. Zerillo	\$ 381,000	3.0

For our CEO, the Compensation and Talent Management Committee allocated seventy-five percent (75%) of his targeted equity award value to performance stock units and the remaining twenty-five percent (25%) to restricted stock units. For our other named executive officers, the Compensation and Talent Management Committee allocated sixty percent (60%) of the targeted equity award value to performance stock units, and forty percent (40%) to restricted stock units. In each case, the actual number of stock units granted was determined by dividing the allocated dollar value by the closing price of the Company's common stock on the grant date. The 2026 equity grants to our named executive officers are set forth in the Grants of Plan-Based Awards table later in this Proxy Statement.

Vesting Criteria for Equity Awards

Performance Stock Units

- Vest at the end of three years if company achieves pre-established goals relative to cumulative adjusted EBITDA and cumulative Net Sales (each weighted 50%).
- The actual payout is determined based on the Company's actual performance aggregated over the three-year period on a sliding-scale between the minimum (threshold) amount and the maximum amount, inclusive of the target amount.
- Participants can earn up to 200% of the target number of shares with exceptional performance.
- If performance is below target, but above threshold, participants can earn 50% of their award.
- If performance is below threshold, participants earn 0% of their award.

Restricted Stock Units

- Vest ratably over three years based on service.

For 2026, the Compensation and Talent Management Committee chose the following as the corporate financial goals for the 3-year Performance Stock Units:

Metric	Definition	Rationale for Selection
Cumulative Net Sales 	The Company's cumulative annual "Net Sales," as reported in the Company's audited financial statements for the 3-year performance period, adjusted to exclude divestitures, acquisitions, changes in accounting policy and other adjustments deemed appropriate by the Committee.	Drive consistent top-line growth over time.
Cumulative EBITDA 	Company's cumulative reported net earnings (loss) excluding earnings (loss) from discontinued operations, net of the provision (benefit) for income taxes, net of interest income and expense, net of depreciation and amortization. EBITDA for the 3-year performance period is adjusted to exclude divestitures, acquisitions, costs associated with integration, transition, purchase accounting, impairment charges, changes in accounting policy and other adjustments deemed appropriate by the Committee.	Drive stockholder value creation in terms of growth of earnings per share and free cash flow.

We utilize the same metrics in our annual incentive and PSU program, though they are over different timeframes. The Committee regularly reviews what metrics align most closely with our business strategy and considers potential alternatives. Management along with the Committee continue to believe Net Sales and EBITDA, are the metrics that drive value for our business and provide line-of-sight to participants.

Treatment Upon Retirement. The Compensation and Talent Management Committee approved a "Rule of 62" policy for long-term equity awards granted in 2019 and beyond. Pursuant to the "Rule of 62," if an employee retires from the Company with at least five years of service and a total of age and years of service at retirement equal to or greater than 62, then his or her outstanding awards will vest, based on actual company performance at the end of the 3-year performance period in the case of performance units, and in each case prorated based upon the employee's length of employment during the vesting or performance period, as applicable. In each case the employee must give at least six months' notice prior to retirement.

Severance and Change in Control Provisions. All unvested equity awards that are assumed in connection with a change of control vest only after both the change in control event and the employee's subsequent termination, or if the original vesting criteria is met. In the case of awards that are not assumed in connection with the change in control, such unvested equity awards will vest on the change in control.

For additional information regarding severance and change-in-control payments that the Company may be obligated to pay to a named executive officer in the future due to the termination of his employment pursuant to the Company's Executive Severance Plan, please see the sections titled "Executive Compensation and Other Matters — Potential Payments Upon Termination or Change in Control," "Executive Compensation and Other Matters — Employment Agreements" and "Executive Compensation and Other Matters — Additional Vesting Provisions" contained elsewhere in this Proxy Statement.

Deferral Option. Senior executives may elect to defer settlement of shares until a date set by the executive prior to the LTIP award grant. Equity awards will continue to vest pursuant to the terms of the award agreements but the Company will defer issuing shares until the date set by the executive. Vested but unissued shares will count toward the executive's stock ownership requirements.

May 2023 Performance Stock Unit Award Payout

The May 2023 performance stock unit grant resulted in a payout of 70% for the three-year performance period FY 2024-2026 as set out below:

The Performance Multiplier resulted in the distribution of 39,904 shares to Mr. Lombardi, 4,927 shares to Ms. Sacco, 2,464 shares to Mr. Mekhail, 2,562 shares to Mr. P'Pool and 1,725 shares to Mr. Zerillo from their May 2023 performance stock unit grants.

Although the Company incurred numerous unanticipated financial impacts and other volatility resulting from the macroeconomic environment especially significant supply chain issues, no adjustments were factored into the performance stock unit grant payout for fiscal year 2026 results. Please refer to Appendix A for a reconciliation of Non-GAAP Adjusted EBITDA to GAAP Net Income used to determine our May 2023 Performance Grant Payout.

Compensation Policies and Governance Practices

Stock Ownership Guidelines

The Board of Directors adopted Stock Ownership Guidelines for the directors and executive officers of the Company to align their interests with the Company's stockholders. Each person subject to the Stock Ownership Guidelines is expected to be fully compliant with the guidelines by the date of the first annual meeting of Stockholders following the fifth anniversary of the date of employment as an executive officer of the Company or, for directors, the date of election to the Board.

The Stock Ownership Guidelines are summarized as follows:

Office	Value of Stockholdings Required to be Owned	
Non-Employee Director	5x Annual Retainer	\$475,000
Chief Executive Officer	5x Annual Salary	\$5,250,000
Chief Financial Officer	3x Annual Salary	\$2,208,000
Other NEOs	2x Annual Salary	Varies

What counts toward stock ownership requirement

- shares of the Company purchased on the open market or in privately negotiated transactions;
- shares of the Company acquired by inheritance or gift or held by immediate family members or in trust for the benefit of the employee or family member;
- after-tax shares of the Company acquired through vested restricted stock units and performance stock units;
- 60% of vested options to the extent in-the-money — reflecting the approximate after-tax value of those shares;
- 60% of unvested restricted stock units and performance stock units that cliff vest, prorated to the extent full years of completed service or periods of performance, as applicable, at current projected performance multiple — reflecting the approximate after-tax value of those shares; and
- 100% of vested but deferred/unissued shares.

Compliance Status

All directors and executives are in compliance with the guidelines or are within the five-year transition period.

What does not count toward stock ownership requirement

- unvested restricted stock and restricted stock units, except as provided above;
- unvested stock options; and
- vested but not "in-the-money" stock options.

If a director or executive is below the ownership requirement, until the specified level is met, the director or officer will be required to retain 50 percent of the net, after-tax value of any equity received from the Company's equity plan until the individual meets the guideline. The CEO currently exceeds his guideline by more than three times the holding requirement.

Equity Grant Timing

Other than in exceptional cases, such as promotions or new hires, long-term incentive awards are generally granted in the first quarter of the fiscal year (April through June), at the time when salary levels and short-term incentive programs for the new fiscal year are determined. Our CEO recommends to the Compensation and Talent Management Committee the amount to be awarded to each NEO (other than our CEO). The Compensation and Talent Management Committee considers the equity awards for executive officers based in part upon benchmarked data from our peer group provided by CAP, as well as other factors, such as the officers' individual performance and current dilution rates. In determining the awards to our CEO, the Compensation and Talent Management Committee, without input from our CEO or other members of management, considers the performance of our Company, returns to stockholders, effectiveness of our CEO's leadership, as well as benchmarked data and input from CAP. All NEO awards consist of performance stock units (PSUs) and restricted stock units and are valued at the market closing price on the day of grant. No stock options are awarded to our NEOs. The Compensation and Talent Management Committee does not take material nonpublic information into account when determining the timing and terms of equity awards. The Company does not time the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation.

Clawback Policy

Pursuant to the Company's Clawback Policy, in the event that the Company is required to restate its financial statements due to material non-compliance with any financial reporting requirement under the U.S. federal securities laws, the Company will, subject to the terms of the Clawback Policy, recover from executive officers any incentive-based compensation that was paid to or received by, or is to be paid to, executive officers for the three years immediately preceding the period for which the Company is required to restate its financial statements, insofar as such incentive compensation is a result of errors within the financial statements that are required to be restated. The amount of the incentive-based compensation that the Company will seek to recover is the difference between the amount of the incentive-based compensation received by executive officers based on the erroneous financial statements and the amount of incentive-based compensation that would have been paid to executive officers based on the financial statements as restated. Notwithstanding the foregoing, the Company is not obligated to pursue any recovery if the Board of Directors or applicable committee determines that the expected cost of recovery will exceed the amount to be recovered.

Policy Against Hedging and Pledging of Company Stock

The Company's Insider Trading Policy prohibits hedging and limits any pledging by the Company's directors, executive officers and employees.

⁽¹⁾ Reflects the grant date fair value of restricted stock unit awards and performance stock unit awards, determined in accordance with FASB ASC Topic 718. The fair value of the restricted stock unit awards and performance stock unit awards is based on the market value of the Company's common stock on the grant date. The grant date value of the performance stock unit awards was computed by multiplying (i) the target number of performance stock units awarded to each named executive officer, which was the assumed probable outcome as of the grant date, by (ii) the grant date fair value used for financial reporting purposes. Assuming, instead, that the highest level of performance would be achieved, the grant date fair values of the performance stock units would have been as follows: Mr. Lombardi \$5,550,021 (2024), \$6,000,012 (2025) and \$6,149,980 (2026); Ms. Sacco \$1,235,958 (2024), \$1,272,069 (2025) and \$1,930,447 (2026); Mr. Mekhail \$618,041 (2024), \$633,656 (2025) and \$652,721 (2026); Mr. P'Pool \$648,042 (2024), \$655,198 (2025) and \$674,461 (2026); and Mr. Zerillo \$431,987 (2024), \$443,979 (2025) and \$457,220 (2026).

⁽²⁾ Reflects annual cash incentive awards, which are accrued and reflected in the Summary Compensation table for the fiscal year in which earned but are paid promptly after the completion of the audit of the Company's financial statements for such fiscal year.

⁽³⁾ Reflects a matching contribution by the Company on Mr. Lombardi's behalf to the Company's 401(k) plan \$15,750 (2026) and expenses related to the use of corporate housing leased by the Company in the amount of \$ 35,274 (2026). The aggregate incremental cost to the Company of providing the corporate housing is based on the actual cost of the lease and utilities for the fiscal year.

⁽⁴⁾ Reflects a matching contribution by the Company on the named executive officer's behalf to the Company's 401(k) plan and the cost of an executive physical.

⁽⁵⁾ Reflects a matching contribution by the Company on the named executive officer's behalf to the Company's 401(k) plan.

⁽⁶⁾ For 2025, in addition to Ms. Sacco's annual target long-term incentive award, reflects a one-time retention award of restricted stock units which cliff vest after four years granted upon Ms. Sacco's promotion to Chief Operating Officer, in addition to her role as Chief Financial Officer in the amount of \$1,575,055.

Grants of Plan-Based Awards in 2026

The following Grants of Plan-Based Awards table provides additional information regarding non-equity and equity incentive plan awards granted to the named executive officers during 2026. Potential Payments upon Termination or Change in Control

Employment Agreements

The Compensation and Talent Management Committee approved the Prestige Consumer Healthcare Inc. Executive Severance Plan (“ESP”), to transition away from individual agreements with our executive officers.

Overview of the Amended and Restated Executive Severance Plan

Pursuant to the terms of the plan, the Compensation and Talent Management Committee will, in its sole discretion, select eligible employees for participation in the and designate such employees as Tier One or Tier Two participants, subject to timely execution of a participation letter agreement. Pursuant to the terms of the letter agreement, the participants will agree to be

Executive Compensation

bound by the terms and conditions of the executive severance plan and the letter agreement. The Compensation and Talent Management Committee designated Mr. Lombardi as a Tier One participant and certain other executive officers as Tier Two participants, including Messrs. Mekhail, P'Pool and Zerillo and Ms. Sacco.

The executive severance plan provides for the payment of severance and other benefits to participants in the event of their termination of employment by the Company without cause or resignation for good reason, each as defined in the executive severance plan.

In the event of a termination of employment by the Company without cause or resignation for good reason prior to a change in control, the executive severance plan provides the following payments and benefits to the participant:

- a prorated annual incentive payment in respect of the participant's service during the fiscal year in which his or her date of termination occurred based on actual performance results for such fiscal year;
- severance equal to a multiple (1.5, in the case of a Tier One participant, and 1, in the case of a Tier Two participant), of the sum of the participant's annual base salary plus his or her target annual incentive, payable over a period of twelve months, in accordance with the Company's regular payroll practices; and
- payment of COBRA premiums for a period of twelve months.

In the event of a termination of employment by the Company without cause or resignation for good reason upon or within 24 months following a change in control, the executive severance plan provides the following payments and benefits to the participant:

- a prorated annual incentive payment in respect of the participant's service during the fiscal year in which his or her date of termination occurred based on actual performance results for such fiscal year;
- severance equal to a multiple (2.5, in the case of a Tier One participant, and 2, in the case of a Tier Two participant), of the sum of the participant's annual base salary plus his or her target annual incentive, payable in a lump sum upon termination; and
- payment of COBRA premiums for a period of eighteen months;
- and (iv) outplacement services suitable to participant's position.

The executive severance plan provides that in the event that the payments described above would, if paid, be subject to excise taxes that may be imposed on excess parachute payments under Section 4999 of the Internal Revenue Code of 1986, as amended, then the payments will be reduced to the extent necessary so that no portion of the payments is subject to the excise tax, provided that net amount of the reduced payments, after giving effect to income tax consequences, is greater than or equal to the net amount of the payments without such reduction, after giving effect to the excise tax and income tax consequences.

In order to be entitled to severance payments and benefits, the participant will be required to comply with the terms and conditions of the executive severance plan and the letter agreement, including, without limitation, a requirement to execute a release and waiver of all claims in favor of the Company and comply with certain post-employment covenants, including a confidentiality covenant and a covenant not to compete with the Company or solicit the Company's employees for eighteen months, in the case of a Tier One participant, or twelve months, in the case of a Tier Two participant, following termination of employment.

The Compensation and Talent Management Committee may amend or terminate the executive severance plan at any time; provided that:

- no such action may impair the rights of a participant who previously has incurred a Qualifying Termination without his or her consent; and
- the executive severance plan may not be terminated or amended after a change in control of the Company in any manner that would adversely affect the benefits available to any participant in the executive severance plan.

Special Vesting Provisions for Equity Awards

Our 2020 LTIP provides that the Compensation and Talent Management Committee may, at its discretion, decide to vest the unvested portion of a grantee's restricted stock units or stock option award if a grantee's employment is terminated due to death, disability or retirement. In connection with a change of control event, unvested equity awards are treated as follows:

- If (i) a change in control occurs while the employee is employed by us, and (ii) the equity award is not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, then the equity award will become fully-vested as of the date of the change in control.
- If (i) a change in control occurs while the employee is employed by us, and (ii) the equity award is assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control in a manner approved by our Board, then the equity award will become fully-vested if within twenty-four (24) months following the change in control, the participant's employment is terminated by the Company other than for cause, disability or death or the participant resigns for good reason (as such terms are defined in the applicable award agreement).

Also, as discussed earlier in this CD&A:

- The Compensation and Talent Management Committee approved a "Rule of 62" policy, pursuant to which an employee's outstanding time-based equity awards will vest, based on actual performance at the end of the 3-year performance period in the case of performance stock units, and in each case prorated based upon the employee's length of employment during the vesting or performance period, as applicable, in the event he or she with at least six months' notice retires from the Company with at least five years of service and a total of age and years of service at retirement equal to or greater than 62.
- Senior executives may elect to defer settlement of shares until a date set by the executive prior to the LTIP award grant or until six months after termination of employment with the Company. Equity awards will continue to vest pursuant to the terms of the award agreements, but the Company will defer issuing shares until the date set by the executive. Vested but unissued shares will count toward the executive's stock ownership requirements.

Summary of Potential Payments upon Termination or Change in Control

As described above, each of our named executive officers is entitled to certain benefits in the event his or her employment is terminated under specified circumstances. Circumstances which would trigger payments and/or other benefits to our named executive officers include termination of employment by the Company without cause, termination by the named executive officer for good reason or a change in control of the Company.

The following table sets forth payments and benefits that may be received by our named executive officers in the event of termination for specified reasons and/or a change in control of the Company.

The following information has been prepared based on the assumption that the named executive officer's employment terminated, or a change in control of the Company occurred, on March 31, 2026. With respect to the accelerated vesting of equity awards, the value of such acceleration was calculated using \$59.27, the closing price of our common stock on March 31, 2026, the last trading day of fiscal 2026.

Name	Termination by Company Without Cause or Resignation with Good Reason (\$) ⁽¹⁾	Death/ Disability (\$) ⁽²⁾	Qualifying Termination in Connection with Change in Control ⁽³⁾
Mr. Lombardi	\$3,400,401	\$ 8,996,238	\$14,655,106
Ms. Sacco	\$1,266,718	\$ 3,905,597	\$ 6,439,032
Mr. Mekhail	\$ 888,658	\$ 1,139,051	\$ 2,916,367
Mr. P'Pool	\$ 867,243	\$ 1,182,733	\$ 2,917,219
Mr. Zerillo	\$ 558,936	\$ 797,419	\$ 1,915,290

⁽¹⁾ Reflects benefits payable pursuant to the terms and conditions of the executive severance plan (as described in detail above) and assumes that the Compensation and Talent Management Committee does not accelerate the vesting of the unvested portion of the named executive officer's outstanding equity awards, in which case such unvested awards will be forfeited.

Executive Compensation

- (2) Assumes that the Compensation and Talent Management Committee accelerates the vesting of the unvested portion of the named executive officer's outstanding restricted stock unit awards. Accordingly, the amount shown includes the value of the accelerated vesting of restricted stock units. Per their terms, performance units will remain outstanding and vest on a pro-rata basis based upon actual performance against the pre-established performance criteria (and, therefore, for purposes of this table the value included in this column with respect to outstanding performance units assumes threshold performance).
- (3) Assumes that the named executive officer had a qualifying termination in connection with a change in control of the Company. In addition to the severance payments to be received in connection with a qualifying termination following a change in control, the amount shown includes the value of the accelerated vesting of performance stock units (based on target performance), restricted stock units and "in-the-money" stock option awards.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported below should not be used as a basis for comparison between companies.

For 2026, our last completed fiscal year, we identified as the median of the annual total compensation of all employees of the Company (other than our CEO) of \$110,232, and the annual total compensation of our CEO, as reported in the Summary Compensation Table included in this Proxy Statement, was \$6,004,547. Based on this information, for 2026, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 54 to 1. For 2026, we identified the median of the annual total compensation of all our employees and determined the annual total compensation of the "median employee," the methodology and the material assumptions, adjustment and estimates that we used were as follows:

- For 2026, the "median employee" was selected on March 31, 2026. As of March 31, 2026, we had about 890 global employees (full-time, part-time, temporary and seasonal) working at the Company and its consolidated subsidiaries.
- To determine our "median employee" from our 2026 employee population, we used a consistently applied compensation definition and chose total taxable wages before deductions for pre-tax items derived from our payroll records.
- We did not exclude any employees and we did not make any cost-of-living adjustments.
- For employees located outside the United States, we applied a currency adjustment based on the average applicable foreign currency exchange rates for the calendar year 2026.
- We determined that the "median employee" is a full-time hourly employee located in the United States, with taxable wages before deductions for pre-tax items for the 12-month period ending March 31, 2026 in the amount of \$110,232.
- With respect to the annual total compensation of the previously identified "median employee," we calculated the elements of such employee's compensation for 2026 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$110,232.
- With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column (column (j)) of our 2026 Summary Compensation Table included in this Proxy Statement.

Pay Versus Performance

The following disclosure is required by SEC rules to provide information about the relationship between executive compensation and the Company's performance on select financial metrics. The amounts set forth below under the headings "Compensation Actually Paid to CEO" and "Average Compensation Actually Paid for NEOs" have been calculated in a manner consistent with Item 402(v) of Regulation S-K. More information on the Company's compensation program and decisions for the 2026 performance year can be found in the Compensation Discussion and Analysis.

PAY VERSUS PERFORMANCE TABLE

The following table sets forth information regarding the Company's Compensation Actually Paid and certain other Company financial information for fiscal years 2026, 2025, 2024, 2023 and 2022.

⁽¹⁾ Represents the total compensation for Mr. Lombardi, our CEO, and the average total compensation for our non-CEO NEOs from the Summary Compensation Table for 2026, 2025, 2024, 2023, and 2022.

⁽²⁾ Represents the total compensation from the Summary Compensation Table for our CEO and the average total compensation for our non-CEO NEOs during 2026, 2025, 2024, 2023, and 2022 as adjusted to reflect changes in the fair value of outstanding stock and option awards in accordance with Item 402(v) of Regulation S-K. The table shown on the following page details the adjustments.

⁽³⁾ Our non-CEO NEOs include the following individuals for each of 2026, 2025, 2024, 2023, and 2022: Messrs. Mekhail, P'Pool, Zerillo and Ms. Sacco.

⁽⁴⁾ Total Shareholder Return for each fiscal year assumes \$100 was invested at the close of March 31, 2021 in the Company and the Peer Group and that any dividends were reinvested when and as paid.

⁽⁵⁾ The Peer Group reflects the Company's peer group that is used for purposes of compensation benchmarking, as defined in the Compensation Discussion and Analysis. This peer group was changed for 2026 to exclude Jazz Pharmaceuticals, whose revenue size was no longer comparable, Primo Water, which became too large on a revenue basis following a merger, and Vista Outdoor, which was split and later acquired. Spectrum Brands, BellRing Brands, and Simply Good Foods were added as replacements based on their similar financial profile. The Peer Group Total Shareholder Return with respect to the former peer group is \$97.76, \$84.03, \$87.82, \$104.52 and \$78.16, for 2022, 2023, 2024, 2025 and 2026, respectively.

⁽⁶⁾ The dollar amounts reported represent the amount of net income reflected in the Company's audited financial statements for the applicable year.

⁽⁷⁾ Represents the most important financial performance measure not otherwise reported in the above table that is used by the Company to link actual compensation paid during the most recent fiscal year to the Company's performance, as required pursuant to Item 402(v) of Regulation S-K. Adjusted EBITDA is defined as net income plus depreciation and amortization, interest expense, integration, transition, purchase accounting, legal and various other costs associated with acquisitions and divestitures, trade name impairment and certain tax adjustments. This metric and definition is consistent with Adjusted EBITDA used in the Annual Incentive Plan, as described in the Compensation Discussion and Analysis. Please refer to Appendix A for a reconciliation of Non-GAAP Adjusted EBITDA to GAAP Net Income.

Pay Versus Performance: Most Important Financial Performance Measures

As required by the SEC's pay-versus-performance disclosure rules, the following table provides an unranked list of the financial performance measures that, in the Company's assessment, represent the most important measures used to link compensation actually paid to our named executive officers to Company performance for fiscal 2026.

Most Important Financial Performance Measures

Net Sales

Adjusted EBITDA

Free Cash Flow

We believe Adjusted EBITDA is the financial performance measure that represents the most important link between compensation actually paid to our named executive officers and Company performance for fiscal 2026. Accordingly, Adjusted EBITDA is the "Company-Selected Measure" required to be disclosed under the SEC's pay-versus-performance rules. As described in greater detail in the Compensation Discussion and Analysis under "Annual Incentive Plan," Adjusted EBITDA is used in our Annual Incentive Plan and is indicative of the Company's profitability and operating performance. We also view Free Cash Flow as an important measure because it supports our capital allocation strategy.

Relationship Between Compensation and Financial Performance

The table below shows the relationship between the compensation actually paid to the CEO and average non-CEO NEOs relative to net income and adjusted EBITDA for 2026, 2025, 2024, 2023, and 2022.

PAY VS NET INCOME AND ADJUSTED EBITDA

The table below shows the relationship between the compensation actually paid to the CEO and average non-CEO NEOs relative to Total Shareholder Return for Prestige and the peer group for 2026, 2025, 2024, 2023, and 2022.

AUDIT MATTERS

PROPOSAL 3:

Ratification of Appointment of the Independent Registered Public Accounting Firm

Who has the Audit and Finance Committee selected as the Company's independent accounting firm for fiscal 2027?

The Audit and Finance Committee has reappointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company's financial statements and evaluate its systems of internal control over financial reporting for fiscal 2027. However, the Audit and Finance Committee may, in its discretion, decide to engage another independent registered public accounting firm as the Company's auditor for fiscal 2027.

Is stockholder approval required for the appointment of an independent accounting firm for 2027?

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required. However, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. In the event the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Audit and Finance Committee will reconsider the appointment; however, the Audit and Finance Committee may, in its discretion, still direct the appointment of PricewaterhouseCoopers LLP. Likewise, stockholder ratification of the selection of PricewaterhouseCoopers LLP would not prevent the Audit and Finance Committee, in its discretion, from selecting and engaging another independent registered public accounting firm.

Will representatives of PricewaterhouseCoopers LLP attend the Annual Meeting?

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, either in person or by videoconference or by telephone, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Has the Audit and Finance Committee determined PricewaterhouseCoopers LLP's independence from the Company?

The Audit and Finance Committee has considered the relationships with and the non-audit services provided by PricewaterhouseCoopers LLP and determined that the such relationships and the provision of such services had no effect on PricewaterhouseCoopers LLP's independence from the Company.

How many votes are needed to ratify the appointment of our independent accounting firm for 2027?

Approval of the proposal to ratify the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present and voting, in person or represented by proxy, at the Annual Meeting and entitled to vote on the proposal.

What Does the Board of Directors Recommend?

The Board recommends that you vote **FOR** the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2027.

Selection and Engagement of Auditors

The Audit and Finance Committee has the sole authority and responsibility to hire, evaluate and, when appropriate, replace the Company's independent registered public accounting firm and, in its capacity as a committee of the Board, is directly responsible for the appointment, compensation and general oversight of the work of the independent auditors. Although the Audit and Finance Committee has the sole authority to appoint the independent auditors, the Board submits its selection to our shareholders for ratification as a matter of good corporate governance. In addition to the benefits of a long-term engagement, the Audit and Finance Committee considers many factors when selecting the independent registered public accounting firm, including:

The quality and efficiency of services through global capabilities offered by the independent registered public accounting firm

The appropriateness of the independent registered public accounting firm's fees

The quality and candor of communications between the independent registered public accounting firm and the Audit and Finance Committee and management

Audit and Non-Audit Fees

For fiscal 2026 and 2025, the following fees were billed by PricewaterhouseCoopers LLP to the Company for the indicated services:

	2026	2025

All Other Fees	2,168	—
Total Independent Accountant's Fees	\$2,046,948	\$1,833,254

Audit Fees. Consisted of fees billed for professional services rendered for (i) the audit of our consolidated financial statements and internal control over financial reporting; (ii) the review of the interim consolidated financial statements included in quarterly reports; and (iii) the services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements. Audit fees for 2026 include additional audit procedures for an acquisition.

Audit-Related Fees. For 2026 and 2025, consisted of fees billed for assistance with compilation of statutory financial statements.

Tax Fees. Consisted of fees billed for professional services for tax compliance, tax advice and tax planning. These services included assistance regarding federal, state and international tax compliance, customs and duties and tax planning.

All Other Fees. For 2026, consisted of fees for licensing software for accounting research.

Pre-Approval of Audit and Non-Audit Services

The Audit and Finance Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit and Finance Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval and the fees for the services performed to date. The Audit and Finance Committee may also pre-approve particular services on a case-by-case basis. During fiscal 2026, all audit and non-audit services were approved in accordance with the Audit and Finance Committee's pre-approval policy.

Report of the Audit and Finance Committee

This Audit and Finance Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

What is the Audit and Finance Committee and are its members “independent”?

The Audit and Finance Committee is composed of four directors appointed by the Board of Directors, all of whom are independent from the Company and its management as independence for audit committee members is defined in the NYSE listing standards and Rule 10A-3 under the Exchange Act. The Audit and Finance Committee operates under a written charter adopted by the Board of Directors, which is available at the “Investors” tab on our website at www.prestigeconsumerhealthcare.com and is also available in print to any stockholder or other interested party who makes a written request to the Company’s Corporate Secretary. The primary function of the Audit and Finance Committee is to assist the Board of Directors in its oversight and monitoring of our financial reporting and audit process, our system of internal control, our risk assessment process (including with respect to cyber risk and privacy) and our process for monitoring compliance with laws, regulations and policies. The Audit and Finance Committee also recommends to the Board of Directors the selection of the Company’s independent registered public accounting firm.

Are the members of the Audit and Finance Committee “financially literate”?

The members of the Audit and Finance Committee are financially literate as that qualification is interpreted by the Board of Directors and the NYSE. In addition, the Board has determined that each of Messrs. Byom and D’Arecca and Ms. Zier is an “audit committee financial expert” as defined by SEC regulations.

What is the relationship between management and the Audit and Finance Committee?

Management has the primary responsibility for establishing and monitoring adequate internal accounting and financial controls, the financial reporting process for preparing financial statements, and compliance with the Company’s legal and ethics programs. PricewaterhouseCoopers LLP is responsible for performing an independent audit of the Company’s consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and for issuance of a report thereon.

The Audit and Finance Committee’s responsibility is to monitor and oversee these processes and report its findings to the full Board of Directors.

What steps did the Audit and Finance Committee take in recommending that our audited financial statements be included in our annual report?

- The Audit and Finance Committee met and held discussions separately and jointly with each of management and PricewaterhouseCoopers LLP regarding the Company's audited consolidated financial statements for fiscal 2026, management's assessment of the effectiveness of the Company's internal control over financial reporting and PricewaterhouseCoopers LLP's audit of the effectiveness of the Company's internal control over financial reporting.
- Management represented to the Audit and Finance Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit and Finance Committee has reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and PricewaterhouseCoopers LLP. The Audit and Finance Committee discussed with PricewaterhouseCoopers LLP matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301, as amended, "Communications with Audit Committees."
- The Audit and Finance Committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence" and discussed with PricewaterhouseCoopers LLP their independence. The Audit and Finance Committee also considered whether PricewaterhouseCoopers LLP's provision of non-audit services to the Company is compatible with maintaining PricewaterhouseCoopers LLP's independence from the Company. The Audit and Finance Committee concluded that PricewaterhouseCoopers LLP is independent from the Company and its management. PricewaterhouseCoopers LLP has been the Company's independent registered public accounting firm since at least 1999.

Based on its review of the Company's audited financial statements and the discussions noted above, the Audit and Finance Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for fiscal 2026 be included in the Company's Annual Report on Form 10-K for 2026 for filing with the SEC.

If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to "routine" items, but it will not be permitted to vote your shares with respect to "non-routine" items. In the case of a non-routine item, your shares will be considered "broker non-votes" on that proposal.

Can I change my vote or revoke my proxy after I vote?

Yes. If you are a registered stockholder, to change your vote or revoke your proxy you must: cast a new vote by the internet or telephone prior to 11:59 p.m., Eastern Daylight Time, on August 3, 2026; by signing another proxy card with a date later than the date of the latest proxy card you submitted and returning it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, by 5:00 p.m., Eastern Daylight Time, on August 3, 2026; provide a written notice of revocation dated later than the date of the latest proxy card you submitted to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, by 5:00 p.m., Eastern Daylight Time, on August 3, 2026; or attend the Annual Meeting and vote in person. Note that attendance at the Annual Meeting will not revoke a proxy if you do not actually vote at the Annual Meeting. "Street name" stockholders should refer to the instructions above under "How do I vote?" to vote at the Annual Meeting.

If you hold your shares in "street name," the above options for changing your vote or revoking your instructions (other than attending the Annual Meeting and voting in person) do not apply, and you must follow the instructions received from your bank or broker to change your vote or revoke your proxy.

What if I receive more than one copy of these proxy materials?

The receipt of multiple copies of these proxy materials means that you have more than one account with brokers or our transfer agent. Please vote all of your shares. We also recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Equiniti Trust Company, LLC, 28 Liberty Street, Floor 53, New York, NY 10005 and they can be reached at (718) 921-8300. In addition, any stockholders who share an address and are receiving multiple copies of our proxy material can request delivery of a single copy of our proxy materials by sending a written request addressed to Prestige Consumer Healthcare Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Corporate Secretary.

Information About the Annual Meeting

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. A quorum exists when the holders of a majority of the 47,372,166 shares of our common stock outstanding at the close of business on June 10, 2026 and entitled to vote at the Annual Meeting are present in person or by proxy at the Annual Meeting. The shares represented by withhold votes, abstentions and “broker non-votes” regarding proposals in the Proxy Statement will be considered present for quorum purposes.

How many votes are required to approve each proposal in the Proxy Statement?

- **Election of Directors.** A plurality of the votes of shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote in the election of directors is necessary for the election of directors. This means that the six director nominees receiving the greatest number of “For” votes will be elected. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees. If you withhold your vote as to all or specific nominees, your shares will not be voted with respect to the nominee or nominees indicated.
- **Approval of Compensation of our Named Executive Officers.** The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the shares present and voting, in person or represented by proxy, and entitled to vote on the proposal. Abstentions will be counted against this matter. If the proposal is not approved by the required majority vote, the Board of Directors and the Compensation and Talent Management Committee will take into account the result of the vote when determining future executive compensation arrangements, particularly if the votes cast against the resolution exceed the number of votes cast in favor of the resolution.
- **Ratification of Appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm.** The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares present and voting, in person or represented by proxy and entitled to vote on the proposal. Abstentions will be counted against this matter.

What is the effect of not voting?

If you are a stockholder of record and submit a signed proxy without specifying a choice on any given matter to be considered at the Annual Meeting, the proxy holders will vote your shares according to the Board’s recommendation on each matter. If you are a stockholder of record and you do not sign and return a proxy card or vote by the internet or telephone, your shares will not count toward the quorum requirement or towards any proposal at the Annual Meeting and will not have any effect on any proposal at the Annual Meeting (unless a quorum is not established).

If you hold shares in “street name”, then, under NYSE rules and Delaware law:

- **Election of Directors.** With respect to the election of directors, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. A broker non-vote is not considered a vote and, therefore, it will have no effect on the election of directors.
- **Approval of Compensation of our Named Executive Officers.** With respect to the advisory vote on the compensation of our named executive officers, your broker is not entitled to vote your shares on this matter if your broker does not receive instructions from you. Broker non-votes will have no effect on the outcome of this matter.
- **Ratification of Appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm.** With respect to ratification of the appointment of our independent registered accounting firm, your broker is entitled to vote your shares on this matter if no instructions are received from you, so there will be no broker non-votes on this proposal.

How many votes do I have, and can I cumulate my votes?

You have one vote for every share of our common stock that you own. Cumulative voting is not allowed.

In order to support your Board, please sign, date and mail the enclosed proxy card to vote **FOR** the election of the six director nominees nominated by your Board, **FOR** the approval of the compensation of our named executive officers, and **FOR** the ratification of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm. You may also vote over the internet or by telephone using the information on the proxy card. If your shares are held in “street name”, you should follow the instructions on your voting instruction card to provide specific instructions to your bank or broker to vote as described above.

OTHER MATTERS

Certain Relationships and Related Transactions

No person or entity had significant business relationships with us since the beginning of fiscal 2026 that would require disclosure under applicable SEC regulations, and no transactions that would need to be disclosed under SEC regulations are currently planned for fiscal 2027.

Related Persons Transaction Policy

The Company adopted a Related Persons Transaction Policy. A summary of the Related Persons Transaction Policy is set forth below and the full text of the Policy is available at the “Investors” tab on our website at www.prestigeconsumerhealthcare.com.

Transactions Subject to the Policy. A Related Person Transaction is a transaction in which the Company (which, for purposes of determining whether a transaction qualifies, includes the Company’s subsidiaries) is or will be a Participant (as defined below), involving an amount exceeding \$120,000, and in which any Related Person (as defined below) had or will have a direct or indirect material interest. The term “Participant” is broadly defined to include situations in which the Company is not technically a party but has influenced another party to enter into a transaction or provide value to a Related Person. For example, facilitating the use of a Related Person as a supplier to the Company’s contract manufacturer would constitute “participation” by the Company and bring such an arrangement within the scope of the Policy.

The following transactions are exempt from the Policy:

- Payment of compensation by the Company to a Related Person for service to the Company in the capacity or capacities that give rise to the person’s status as a Related Person, so long as the compensation is publicly disclosed, if such disclosure is required, in the Company’s Annual Report on Form 10-K (or Proxy Statement or information statement incorporated by reference into such Annual Report);
- Transactions available to all employees or all stockholders of the Company on the same terms and conditions; and
- Transactions that, when aggregated with the amount of all other transactions between the Related Person and the Company, involve less than \$120,000 in a fiscal year.

Definition of Related Person. For purposes of the Policy, a “Related Person” means:

- Any person who is, or at any time since the beginning of the Company’s most recently completed fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;
- Any person who is known to be the beneficial owner of more than 5% of any class of the Company’s voting securities;
- Any Immediate Family Member (as defined in the Policy) of any of the foregoing persons; and
- Any Affiliate (as defined in the Policy) of any of the foregoing persons or Immediate Family Members.

Notification Procedures. A transaction with a Related Person that is identified in advance is required to be disclosed to the Company’s General Counsel for review. In the event the Company becomes aware of a transaction with a Related Person that was not disclosed to the Company, the General Counsel will review the transaction. If the General Counsel determines that a transaction is a Related Person Transaction subject to the Policy, he will submit such transaction to the Audit and Finance Committee for consideration at its next meeting or, if it is not practicable or desirable to wait until the next meeting, to the Chair of the Audit and Finance Committee for prompt consideration. The Audit and Finance Committee, or the Chair of the Audit and Finance Committee, is authorized to approve those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, and that are consistent with the Company’s Code of Conduct and Ethics and Code of Ethics for Senior Financial Employees, as the Audit and Finance Committee or the Chair of the Audit and Finance Committee determines in good faith. The Audit and Finance Committee or the Chair of the Audit and Finance Committee will consider the relevant facts and circumstances of the Related Person Transaction, including (if applicable) the non-exclusive list of considerations set forth in the Related Persons Transaction Policy. Any ongoing or completed Related Person Transaction that is disapproved by the Audit and Finance Committee or the Chair of the Audit and Finance Committee is subject to corrective action.

Submission of Stockholder Proposals and Director Nominations

How do I submit a stockholder proposal for inclusion in the Proxy Statement for next year's Annual Meeting?

To be included in our Proxy Statement for our 2027 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8, a proposal must be submitted by an eligible stockholder who complies with SEC Rule 14a-8 and must be received by us at our principal executive offices at 660 White Plains Road, Tarrytown, New York 10591, Attention: Corporate Secretary, by March 1, 2027 (or, if the 2026 Annual Meeting of Stockholders is called for a date more than 30 days before or after August 4, 2027, within a reasonable time before we begin to print and mail our proxy materials for the 2027 Annual Meeting).

When and how must I submit a notice to introduce a director nomination or other item of business for it to be raised at the 2027 Annual Meeting of Stockholders, but not included in the Company's Proxy Statement?

Assuming that our 2027 Annual Meeting of Stockholders is not held more than 30 days prior to or delayed by more than 60 days after August 4, 2027, our Amended and Restated Bylaws provide that we must receive written notice of your intention to introduce a director nomination or other item of business at the 2027 Annual Meeting not less than 90 nor more than 120 days prior to August 4, 2027 (or between April 6, 2027 and May 6, 2027). If the 2027 Annual Meeting is held more than 30 days prior to or delayed by more than 60 days after August 4, 2027, our Amended and Restated Bylaws provide that we must receive your notice not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting or (ii) the 10th day following the date on which public disclosure of such meeting was made. In the event a special stockholders meeting to elect directors is called, our Amended and Restated Bylaws provide that we must receive your notice not later than the close of business on the 10th day following the date on which public disclosure of such meeting was made. If we do not receive notice within the prescribed dates, or you do not meet other requirements specified in our Amended and Restated Bylaws or the SEC's rules, such matters will not be brought before the meeting. In addition, nominations or proposals not made in accordance with the procedures described in our Amended and Restated Bylaws may be disregarded by the Chair of the meeting. Any stockholder interested in making such a nomination or proposal should request a copy of our Amended and Restated Bylaws from the Corporate Secretary.

Any written stockholder proposal or nomination for director to be presented at a meeting of our stockholders must comply with the procedures and such other requirements as may be imposed by our Amended and Restated Bylaws, Delaware law, the NYSE, the Exchange Act (including the information required by Rule 14a-19(b) including a statement that the nominating stockholder intends to solicit the holders of shares representing at least 67% of the voting power of shares entitled to vote in the election of directors in support of the nominee), and the rules and regulations of the SEC and must include the information necessary for the Board of Directors to determine whether the candidate (with respect to a nomination for director only) qualifies as independent under the NYSE's and SEC's rules and possesses the qualifications and experience we expect our directors to have.

Form 10-K

We will furnish without charge to each person whose proxy is being solicited, upon written request of any such person, a copy of our Annual Report on Form 10-K for the fiscal year ended March 31, 2026, as filed with the SEC, including the financial statements and financial statement schedule thereto. Written requests for copies of our Annual Report on Form 10-K for the fiscal year ended March 31, 2026 should be directed to Prestige Consumer Healthcare Inc., 660 White Plains Road, Tarrytown, New York 10591, Attention: Corporate Secretary. Our Annual Report on Form 10-K for the fiscal year ended March 31, 2026 can also be downloaded without charge from the "Investors" tab of our website at www.prestigeconsumerhealthcare.com.

APPENDIX A

About Non-GAAP Financial Measures

We are presenting Adjusted EBITDA because it is a metric included in our Annual Cash Incentive Plan ("AIP") against which our performance is measured. We define Non-GAAP AIP Adjusted EBITDA as GAAP net income (loss), plus interest expense, provision for taxes, and depreciation and amortization, with additional adjustments for integration, transition, purchase accounting, legal and various other costs associated with acquisitions, divestitures and business transitions, goodwill and tradename impairment loss on disposal of assets and extinguishment of debt.

We define Non-GAAP Adjusted Net Income as GAAP Net Income before amortization of inventory fair value step-up, depreciation of idle manufacturing assets during remediation period, acquired facility remediation, period overhead and idle capacity costs, supplier loan write-off, costs associated with acquisition in General and administrative expense, goodwill and tradename impairment, applicable tax impact associated with these items and normalized tax rate adjustment. Reported GAAP Diluted EPS is calculated using diluted shares outstanding, which were 48,720 for the year ended March 31, 2026 and 50,080 for the year ended March 31, 2025.

The following tables set forth the reconciliation of Organic Revenue, Adjusted EBITDA, Adjusted Net Income, Adjusted Diluted EPS and Adjusted Free Cash Flow, which are non-GAAP financial measures, to our most directly comparable GAAP financial measure. The tables also reconcile Non-GAAP Adjusted EBITDA to GAAP Net Income used for our May 2023 Performance Grant Payout.
